Why I Love It...

by

“An enjoyable blend of hand management, educated guesses, and some good-old-fashioned push your luck, which results in a clever and engaging game.”

- Casual Game Revolution

“Perfect for a beginner because it is basically “Screw you, Uno” [yet it] packs a big punch.

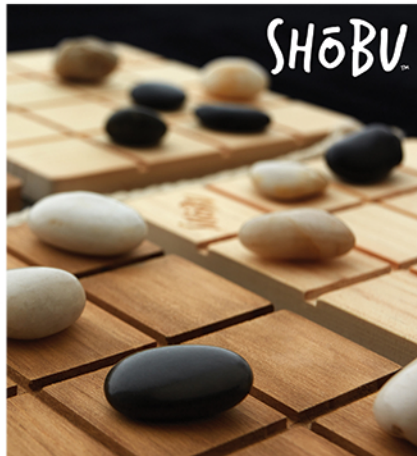

- Victoria Mann, Decolonize

“oh my goodness this game is ADORABLE. It’s such a unique, punny take on dating. We definitely love it.”

- Board Game Spotlight

With simple rules you can teach in about a minute, yet deeper strategy that makes it addicting, this is a game you'll keep coming back to and can enjoy sharing with new players.

It's so satisfying.
One of my favorite two-player games, possibly ever.

"I love horror genres and The Night Cage nails it! It has that spooky vibe mixed with great art and puzzle solving."
